Acrylic paint	72.5 €					

Woodstain range (water-based)

Chalky paint range (with matte finish)

Acrylic paint range

If you did not find, what you were looking for, we also accept custom orders. If you have a drawing or photo(s) of the product you imagined, send it to us at info@liliumlampanddesign.com and we will respond soon regarding feasibility and further details.

We use Perla water-based woodstains and PintyPlus Evolution spray paints.

The prices shown do not include the price of the fitting. The price of the fitting is €3.5 regardless of its type.

We use electrical fittings approved in the European Union (marked CE), which ensure safe use in European countries. For our customers outside the European Union, we provide the opportunity to purchase the lamps without fittings, so the products can be installed with fittings that comply with the regulations and standards of the given country.

Small differences in size may occur within each category due to the natural properties of the wood and the responsible use of materials during production.

Our prices are listed without VAT. We reserve the right to adjust prices in accordance with fluctuations in the HUF–EUR exchange rate.
